NAVIGATION LIGHTS

Contour Anchor Light

The design says it all. Unobtrusive, durable, reliable, with striking good looks. The slimmest profile in the industry and a locking retractable base. Select from 12" or 1m heights. U.S. Coast Guard approved 2nm.

LED Anchor Light

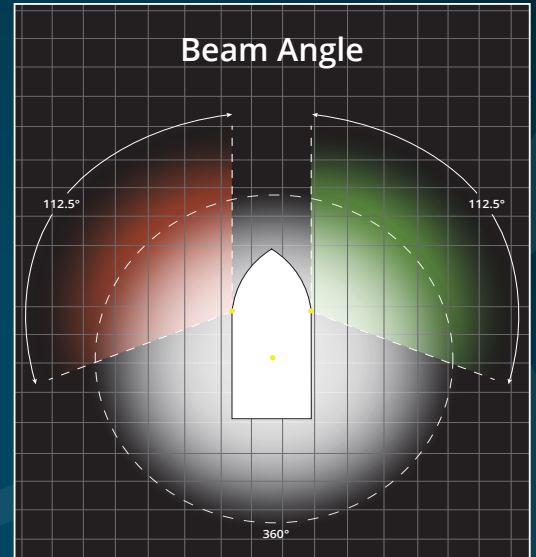

Output: White
 Visibility: USCG2NM
 Voltage: 10-30vDC
 12vDC Amps: 80mA
 24vDC Amps: 45mA
 Conforms to: ABYC A16

Available lengths:
 12" (1 foot)
 39" (1 meter)

2.5" Dia X 12" or 39" H

Lockable base design

USCG compliant: 0-50 meter vessels.

Surface Mount Navigation Lights

For retrofit and new applications where a molded-in pocket is not possible or practical, Lumitec offers our surface mount navigation lights. Clean styling and unmatched reliability. Choose classic aluminum half-round design for mounting to vertical surfaces, or the more contemporary composite version for horizontal mounting surfaces.

Composite Navigation Light

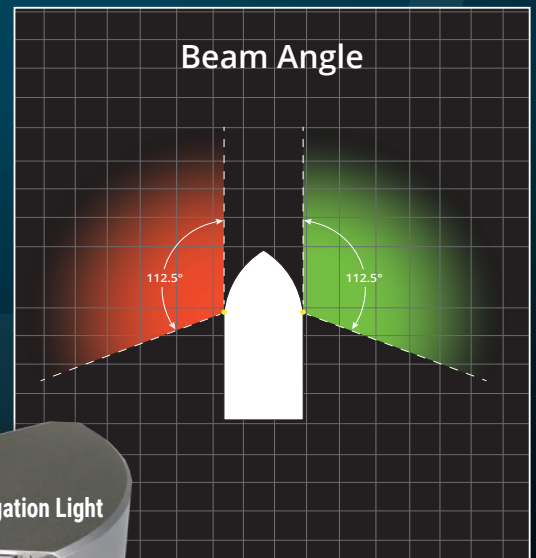

4.5" W X 1 H X 2.1" D

Classic Aluminum Navigation Light

3.6" W X 1 H X 2.2" D

USCG compliant: 0-50 meter vessels.

LED Surface Navigation Lights

Output: Port Red, Starboard Green
 Visibility: USCG2NM
 Voltage: 10-30vDC
 12vDC Amps: 21-26mA
 24vDC Amps: 13-15mA
 Conforms to: ABYC A16
